Crosswinds Marsh Wetland Interpretive Preserve

27600 Haggerty Rd.
 New Boston, MI, 48164
 No entry fee.
 Canoe Rentals \$10
 Binocular Rentals \$1

Directions to Crosswind Marsh:
 Take Interstate 275 South to Will-Carleton Road (Exit #8). Take Will-Carleton Road West 3.5 miles to Haggerty Road. Take Haggerty Road 1/2 mile North to park entrance on the West side of the road.

Crosswinds Marsh is a 1,000 acre wetland/wildlife preserve which offers a variety of outdoor activities. Crosswinds offers seven miles of hiking trails, canoe rentals, fishing, picnic areas, 4.5 miles of horseback riding trails, and 4.5 miles of cross-country ski trails. Trail maps are available at the parking lot.

It was created in 1993 by flooding a farmland that was originally a marsh. It is one of the largest man-made wetlands in the country. It was made to replace wetlands used to expand the Detroit Metro Airport. It has a normal surface area of 467 acres and attracts a large variety of waterfowl during migration.

The park has one of the most easily viewed and active Bald Eagle's nest in SE Michigan. The nest is visible from either Haggerty road or the parking lot.
