### The Future of Rotary is in YOUR Hands!

During our time together this evening we will divide up into committees. The current avenues of service are: club administration, public relations, membership, service projects, and The Rotary Foundation.

Please sit at the table with the avenue of service you are most interested in being a part of. (Look for signs) If you would like to be on more than one committee please start off at the one you are most interested in first. The chairpersons are highly encouraged to attend to "get the ball rolling" with your committee!

In addition to choosing a committee we will also spend a short amount of time filling out a club assessment form. Each individual will be asked to fill out their own form so that the club administration can get a feel as to how things are going in our club either good or bad. Now is the time to let your voice be heard! You do not have to put your name on your survey but can if you want to.
